

Announcement - Clarification

Dear authors,

We hereby clarify that full papers submitted in the English language do not require an abstract in the Greek language. This requirement is valid only for full papers submitted in the Greek language, which therefore should include an English abstract.

We kindly ask you to download through the ICTR '17 website the amended full paper guidelines in English, which excludes the aforementioned requirement.

We apologise for any inconvenience.

Sincerely yours,

The Organising Committee ICTR '17
